

DISCOVERERS Autumn Term

English

In English we will be looking at *Leon and The Place Between* by Angela McAllister and *The Promise* by Nicola Davies. We will be writing a narrative piece about the place between and look into instructional writing when we read *The Promise*.

Geography

Our geography topic for this term is North America. We will spend time focusing on geographical terms such as longitude, latitude, northern/southern hemisphere and linking them to areas in North America before delving into the different climates throughout the continent.

Maths

In maths we will be building on skills learnt in previous years. Our first topics are place value, addition and subtraction, measurement and time. We will also have a focus on mental maths, with a daily test to start each lesson. As well as additional timestables lessons mainly for year 4s.

Science

Science is timetabled for Tuesday afternoons. This term our topics are electricity and rocks. We will be looking into how to make circuits and experimenting with different ways to do this. We will also be linking this back to our knowledge of science in previous years.

Art

Our Art will link to North America (our geography topic). We will look into the work of Andy Warhol before moving onto Native American artwork. In the second part of the Autumn term we will look at sculptures based on North American landmarks.

Computing

Our main focus for computing in the autumn term is online safety. We will also practice computing skills through a range of topics linked in with other lesson in the curriculum.

PE

Mrs Royal will be taking the class for PE. Thursday afternoons will be football, looking into skills and tactics of team sports. On Friday afternoon the lessons will be cross country and middle distance running.

Other Subjects

We will also have lessons on RE, PSHE, Music, French, Spellings and Guided Reading
